

# TUBULAR FOAM DISPENSER

## TOUCH-FREE ELECTRONIC FOAM DISPENSER

### SPECIFICATIONS

Touch-free electronic foam dispenser for wall mounted installations. Activated by infrared sensor. Chrome plated/AISI316 stainless steel body, other finishes available. Includes a 1 liter soap bottle and bottle support. With a designated peristaltic pump that prevents clogging and back flow. Remote installation option: extension cable and longer piping. Customizable settings by optional remote control: soap quantity, soap tank refill, temporary off and reset to factory settings.

### OPERATION

Touch-free electronic foam dispenser operated by infrared sensor. The foam dispenser automatically

activates when users place their hands within sensor range, providing a measured foam soap dosage (customizable by optional remote control). If the users remove the hand before the full amount is dispensed, the foam soap dispenser immediately deactivates.

### APPLICATION

With dripless automatic shutoff, this foam soap dispenser helps washroom organization and cleanliness. Combined with the touch-free electronic faucet, it creates a germ-free automated environment. Ideal for stadiums, train and bus stations and highway rest stops.

### PRODUCT AT A GLANCE

Installation	wall mounted
